

1 **COVID-19 CARES Act Funds for the Enhanced Reimbursement Rate**  
2 **Discussion Paper**  
3

4 **Background**

5 On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (*CARES Act*) was  
6 enacted, which included approximately \$371 million in Child Care Development Block Grant  
7 (CCDBG) funds for Texas. These funds may be used on any allowable CCDBG to help address the  
8 impact of COVID-19.

9 To date, the Texas Workforce Commission’s (TWC) three-member Commission (Commission) has  
10 authorized a total of \$153.8 million of CCDBG CARES Act funds to support a 25 percent Enhanced  
11 Reimbursement Rate (ERR) through December 2020. The ERR is a temporary measure put into place  
12 to help subsidized child care providers address the higher operating costs they are facing as a result of  
13 COVID. Of the \$153.8 million approved to support the ERR through December 2020, \$144.2 million  
14 has been distributed based on estimated actual need (Attachment 1). Actual reimbursements through  
15 December will be adjusted according to actual/demonstrated need.

16 **Issue**

17 Child care providers continue to experience lower overall enrollment numbers and reduced tuition  
18 collection, while also needing to maintain their fixed operational and administrative costs. The  
19 COVID-19 pandemic has also required that child care providers purchase and continually replenish  
20 cleaning supplies and personal protective equipment.

21 The Commission may consider a stair-stepped reduction to the ERR, phasing out this temporary  
22 enhanced rate in July 2021. An extension will assist child care providers serving subsidized children  
23 address their higher operating costs. Gradually reducing the ERR over a period of months will provide  
24 a transition period to move away and phase out this temporary enhanced rate.

25 **Decision Point**

26 Staff seeks the Commission’s direction on:

- 27 • authorizing the use of approximately \$81.5 million of CCDBG CARES Act funds to extend the  
28 25 percent Enhanced Reimbursement Rate through July 2021, as follows:  
29

25% ERR in January	Estimated cost of \$16,300,000
25% ERR in February	Estimated cost of \$16,300,000
25% ERR in March	Estimated cost of \$16,300,000
20% ERR in April	Estimated cost of \$13,040,000
15% ERR in May	Estimated cost of \$ 9,780,000
10% ERR in June	Estimated cost of \$ 6,520,000
5% ERR in July	Estimated cost of \$ 3,260,000
Total Estimated Cost	\$81,500,000

- 30 • reimbursing Boards based on actual costs/demonstrated need; actual reimbursement amounts  
31 will be determined based on the number of children enrolled/cost of care.
